Letter from the Residency, No.F.193 dated 9th September 1939 regarding the control of enemy property.

It is stated in the letter that the Agent, Imperial Bank, will be appointed as Controller of Enemy Firms in the C.& M.Station, and it is suggested that similar action may be taken in the State also. I discussed the matter with Mr. Gill, and he is agreeable to the proposal. The Agent of the Imperial Bank may therefore be appointed as Controller for the city of Bangalore.

As regards Mysore and other places, it may not be possible for the Imperial Bank to take action, as owing to his multifarious duties here, the Agent may not find it possible to attend to these. The Imperial Bank may therefore appoint the local Agents of the Bank of Mysore Branches as their sub-Agent for the purpose.

Subd. for approval.

CONTROL OF ENEMY PROPERTY.

My dear Kesavaiengar,

I am desired to forward a memorandum showing in brief the instructions which we have so far received regarding control of enemy property. We propose to take the following action in the Civil and Military Station -

(1) The Commissioner of Police will allow disposal of enemy personal property by the families of internees with his permission.

(2) The Agent of the Imperial Bank has been instructed, pending further instructions, to allow enemy subjects at liberty to draw on their private accounts to meet their reasonable current obligations.

(3) The Commissioner of Police is making it clear to enemy subjects that their financial transactions are subject to his general supervision. They will be permitted to live according to their usual standards, provided that they will not thereby exhaust their resources and become a charge on public revenues.

(4) We are asking the Political Department

(a) to appoint an authority for the purposes of proviso (a) to Rule 98(1) of the Defence of India Rules;

(b) to appoint the Controller of Enemy Firms and his staff for the Civil and Military Station. Until such time business properties will not be touched.

The

The Resident suggests that the Government of Mysore should take action on the same lines for the State. It is desirable that Government organisation in regard to enemy property in the State should be co-ordinated with the organisation in British India, and he therefore suggests that the Agent to the Imperial Bank might be appointed by the Government of Mysore in the State for the purposes for which he will be appointed in the Civil and Military Station. He suggests that you should discuss the matter further with Mr. Gill. When we get further definite instructions in any matter, we will let you know.

My dear Kesavaiengar,

Mr. B.T. Kesavaiengar, B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

S.B.310-1

Office of the Commissioner of Police,
Civil & Military Station, Bangalore.
10th September 1939.

In continuation of Memo.No.S.B.310, dated the 6th September 1939, the following further instructions are issued:

1. It is not intended that the prohibition of dealings with enemy subjects should prevent German nationals who have not been interned from obtaining the necessities of life, nor is it intended, subject to any further orders that may be issued, or any control that may be imposed, to prevent lady doctors from pursuing their professions. They should however be warned to keep careful accounts of their receipts and expenditure of money and a list of names of their patients.

2. Personal property of German subjects may be disposed of with my permission, provided that the sale proceeds are handed over to the Agent, Imperial Bank of India, and particulars reported to Commissioner of Police. The Agent, Imperial Bank of India will credit any money received to the account of the individual, and will open accounts for such as have not already got them.

3. The Agent of the Imperial Bank of India is being asked to allow German nationals who have current accounts with the Bank, to draw money for their reasonable current needs.
The District Magistrate will arrange for payment of the Government grant to persons who are unable to maintain themselves.

4. Financial transactions of enemy subjects will be subject to the general supervision of the Commissioner of Police and of the Agent of the Imperial Bank of India.
German nationals not interned will be instructed to make out a full statement of their financial resources, including any money deposits, securities, salary or other money due to them, from all sources, and including an approximate valuation of their personal property. They will also be instructed to prepare an approximate monthly budget. These will be sent to Commissioner of Police and will be passed on to the Agent, Imperial Bank of India so that he may arrange tp allow them to draw up to the amount of their budget for their normal expenses.
Requests to draw money above this budget estimate should be sent to the Commissioner of Police.
Individuals may pay their bills direct, but must keep accounts of bills and payments for inspection by the Commissioner of Police or Agent, Imperial Bank of India if required.
Bills that are now outstanding may, if funds are available, be paid direct, a list of them being sent to the Agent, Imperial Bank of India with a note saying how they have been paid, so that he may arrange to pass any cheques issued. If funds are not available to pay any outstanding bills, they should be sent to the Commissioner of Police.

5. German subjects will be permitted to live according to their usual standards <u>provided that their resources permit</u>. There is no need for those who have adequate funds to sell up their furniture and personal effects or move into smaller houses, unless they wish to do so. The general principle must be that the standard of living, and the need to dispose of personal property, should be decided according to resources likely to be available, and with a view to prevent them, as far as possible, from becoming a charge on the public revenues. Where German subjects have no resources, they will be

be required to reduce their scale of accommodation and living so as to come within the maximum allowance to be granted ~~to destitute~~ by Government to destitute enemy subjects (Rs.70 for a woman and Rs.30 for a child)

6. It must be clearly understood that no business may be carried on (except as noted in paragraph 1, above) by or on Behalf of German subjects who have been interned or are at liberty, except under the written authority of the Agent, Imperial Bank of India, or other Authority empowered under the Defence of India Rules, and under such conditions as may be ordered.

7. These orders will be explained to all German subjects not interned and their acknowledgment obtained. If they are in any doubt as to what they have to do they should be instructed to see the Commissioner of Police or the Agent Imperial Bank of India.

All Officers are directed to watch for any contravention of this order, and to take steps to secure any evidence of property or documents relating to business dealings by enemy subjects, and to report at once to the Commissioner of Police.

There is however no need for them to waste time and worry people by constant prying into private affairs.

H.Trevelyan,Esq.,I.C.S.,
Secretary to the Hon'ble
the Resident in Mysore,
BANGALORE.

Copy to Rajaseva prasakta Mr.B.T.Kesavaiengar,B.A., Chief Secretary to the Government of Mysore, for information.

The objects of this organisation are as follows:-

(1) to make an inventory of all property of enemy firms in India;

(2) to prevent the acquisition of any form of property by enemy subjects or enemy firms in India.

(3) to prevent or detect any cases of transfer ~~of~~ by enemy firms of their assets in India, (whether made after or shortly before the outbreak of war), which are against the public interest, either in the sense that they involve delivery of the property to the transferor or to a third person at the end of the war, or in the sense that they involve payment of the consideration at some place outside the jurisdiction of His Majesty or at some time other than immediately on the delivery of the property, or in the sense that the ostensible consideration is less than the reasonable value of the property;

(4) to propose the vesting of enemy property in the Custodian of Enemy Property and to make recommendations as to the manner of its disposal by the Custodian;

(5) to report on the activities of suspected firms and, where necessary, to recommend that they should be declared by Government to be "enemy firms" for the purposes of the Defence of India Ordinance.

2. The following instructions, which have been drafted in haste, are sent for immediate guidance:-

(1) All Agents of the Imperial Bank who are acting as Inspectors of Enemy Firms (i.e., who reside in a district where an enemy firm was carrying on business at the outbreak of war) should, in the first place, make a preliminary examination of the stocks and other assets of these firms and report the position

to

to the Deputy Controller concerned.[X] It should be remembered that although a firm may not come under definitions (a) to (c) of Defence of India Rule 103(2)[XX], it may in fact be an enemy firm under (d).

(2) Pending a decision as to the status of a firm under suspicion, it should be allowed to dispose of stock, but all realisations must be paid into a 'blocked'[d] account with a reputable bank. This will normally be the bank with which the firm usually deals. The bank should be directed to satisfy itself by any means open to it that the realisation represents full value for stocks disposed of, and that the proceeds are not being used for further purchases. The principle underlying this instruction is to prevent accumulation of stocks and dislocation of trade.

(3) Payments out of 'blocked' accounts will only be allowed in order to cover such items as staff and office expenses. The necessity of these payments must be certified under affidavit, in the case of a company, by the directors (countersigned by the auditors), and in other cases by a partner or proprietor.

(4) All private limited companies, any of whose shares were held by enemy subjects at the outbreak of war, are prima facie under suspicion. Holdings of enemy subjects must be disposed of and the proceeds placed in a "blocked" account. Deputy Controllers should also obtain through the Company affidavits from each shareholder to the effect that the shares which he is recorded as holding are in fact held in his own name and are subject to no encumbrance. In cases of doubt, a British bank or a British consular agent (for shareholders domiciled abroad) should be asked to certify that the shareholder is of such status as

[XX] 97(2) in copies already supplied to certain Agents.

[d] i.e. an account available for receipts but not for withdrawals.

as to permit him to have acquired shares of the nominal value held. Action under this section against companies will be taken by the officer within whose jurisdiction the head office of the company is situated.

(5) Disposal of stocks of private limited companies will be governed by the principles of paragraph 2 above, but in view of their size and general importance closer supervision will be necessary than in the case of private (unincorporated) firms.

(6) Claims against enemy firms. These should be forwarded to the Deputy Controller for record. No other action is required at present. We should not invite the public to present claims.

(7) There will be numerous instances of persons claiming to have been sold stocks by enemy firms shortly before the outbreak of war. Large transfers of stocks by firms having German directors or employees (other than to fulfil existing contracts) between 25th August and the 3rd September 1939 should be regarded with suspicion, and every effort should be made to ascertain the true nature of these transactions. Such stocks may only be released, to persons claiming them as the result of a transaction entered into between the 25th August 1939 and the 3rd September 1939, after recording of their statements on oath and after arranging, for payment into a 'blocked' account as in para.2 above.

(8) Transactions completed before the 25th August 1939 are normally not suspect, irrespective of whether the goods are of German origin. Such goods should therefore be released unless the transferee is an enemy subject or enemy firm.

(9) The public have been informed that they may obtain a conditional discharge of obligations due from them to enemy firms by payment of the amount due to any branch of the Imperial Bank. Receipts of this nature should be reported to the Deputy Controller of the Circle at such intervals as he may require.

(1) The following instructions by the Reserve Bank regarding bills drawn by the enemy should be noted:-

"(a)

"(a) Bills drawn by enemies - Advance bills. Original transaction must have been for bona fide business, e.g. not entered into within a few days of commencement of hostilities with the object of avoiding the Defence of India Ordinance. Provided banks are fully satisfied that their position will bear inspection, they may remit proceeds to repay advances made by anothe office of the collecting bank.

(b) Bills for collection. A circular has been issued by the Controller of Enemy Firms asking for particulars of all accounts of Enemy subjects or persons who might possibly be such.

It is advisable for all banks to send in details of all current account balances, fixed deposits, bills for collection, securities and articles held for safe custody in such cases.

The rate at which Reichsmark bills are to be collected will be fixed later."

Sd/- B.C.A. Cook, I.C.S.,
Controller of Enemy Firms,

Reserve Bank Building,
Bombay.
September 7, 1939.

This note is being released today from the offices of the Bureau of Public Information of the Government of India and the Collectors of Customs at Bombay and Calcutta.

Press Note

TRADING WITH ENEMY FIRMS

The section of the Defence of India Rules which provides for the control of enemy firms is of special importance to the business community.

TRADING WITH ENEMY SUBJECTS OR ENEMY FIRMS IN BRITISH INDIA HAS BECOME AN OFFENCE PUNISHABLE WITH IMPRISONMENT OR FINE.

The Central Government have also taken power to determine or cancel (if necessary with retrospective effect) any contract or transfer which they consider to be injurious to the public interest or to have been made with the intentionof evading the rules.

The executive authority charged with carrying out the rules is the Controller of Enemy Firms, whose headquarters are in the Reserve Bank Building at Bombay. Subordinate to him are two Deputy Controllers, one, whose headquarters are in the Reserve Bank building at Bombay, in charge of control of enemy firms in the Bombay Presidency, Baluchistan, Sind, Ajmer-Merwara, the C.P. and Madras, while the other, whose headquarters are at Calcutta (c/o the Collector of Customs), is in charge of control of enemy firms in the remainder of British India.

Each Deputy Controller will have a large staff of Inspectors with wide powers of entry, supervision and interrogation, who can if necessary be empowered to supervise any particular business in the closest detail.

The rules also provide for the appointment of a Custodian of Enemy Property in whom enemy property may be vested.

The Central Government are anxious not to impose any restrictions on genuine trade other than such as are essential for the successful prosecution of the war; they accordingly invite the co-operation of the public in the task of identification and separation of enemy property. Persons who have recently been engaged in trade with what are now enemy firms are advised, in their own interests, to get into touch with the Deputy Controllers at Bombay and Calcutta, who have been directed to give them every assistance.

My first duty when the appointments are made, will be to make inventories of enemy property and submit recommendations to the Deputy Controller, Bombay with regard to the disposal of them. These duties are largely clerical and could, I think, be commenced in anticipation of the arrival of the appointments.

I shall be most obliged if you will kindly inform me if I will be in order if I commence these duties

at once in the C. & M. Station and Bangalore City. I ask this with special reference to Messrs.Neuenhofer & Co. in order to avoid delay in the matter of dealing with perishable stocks.

To

The Inspector-General of Police,
Mysore State, Mysore.

Sir,

I have the honour to enclose for your information a copy of (1) the Enemy Property (Custody and Registration) Order, 1939, promulgated in Commerce Department Notification No. 42 (1)—Tr. (E. P.)/39, dated the 14th October 1939, (2) Notification No. 72 (1)—Tr. (W)/39, dated the 2nd November 1939, and (3) the Control of Internees' Property Order, 1939, promulgated in Defence Co-Ordination Department Notification No. 241—O. R./39, dated the 29th September 1939, and amended by Notification No. 73 (8) Tr. (W)/39, dated the 25th November 1939, and to request that if the Mysore Durbar see no objection, they may kindly issue similar rules or arrange by executive order for the adoption of these rules for their territorial area. I consider that action on these lines will be necessary to enable all enemy property in the State territory to vest in me, and for me to take necessary steps in the matter of collection or liquidation of the property.

Letter + Circ 15.12

2. In particular, I would be grateful if banks, firms and private persons who are in possession of enemy property, or who owe a debt to an enemy, could be directed to file in my office, returns in proper forms within two months of the communication of orders to them. These forms can be obtained from my office on payment of postal charges.

3. In this connection, I also enclose for your information a copy of my circular No. 1, dated the 21st October 1939, to all scheduled banks, which contains the necessary instructions to banks and other collecting agents who are retaining enemy property or claims.

4. If the Mysore Durbar are pleased to adopt rules on the basis of the Government orders referred to above, and the executive instructions issued by me, I would be grateful if the officer concerned, when dealing with questions of custody of enemy property, addresses me direct on any difficulty he may have in the application of these orders.

I have the honour to be,

No. 241-O.R./39.—In exercise of the powers conferred by sub-rule (1) of rule 114 of the Defence of India Rules, the Central Government is pleased to make the following Order, namely:—

1. This order may be called the Control of Internees' Property Order, 1939.

ENCLOSURE 4.

GOVERNMENT OF INDIA,
OFFICE OF THE CUSTODIAN OF ENEMY PROPERTY,
Reserve Bank Building,
Bombay, 21st October 1939.

Circular No. 1.

To

All Scheduled Banks in British India.

Gentlemen,

Your attention is drawn to Government's Notifications concerning the powers and duties of the Custodian of Enemy Property. The first is Notification No. 41 (1)—Tr. (E. P.)/39 of the 14th October, which has appeared in the Gazette of India Extraordinary of the same date and reproduced in the subsequent issue of the ordinary gazette, and by which the Central Government has vested in the Custodian of Enemy Property for British India all enemy property in British India, movable or immovable, belonging to or held by or managed on behalf of an enemy subject who for the time being is not in India. The term "enemy subject" as defined in the Defence of India Rule 103 includes not only individuals but also any body of persons situated or incorporated in or under the laws of the German Reich or any other territory in the occupation of or under the protection of Germany. The other Notification is No. 42 (1)—Tr. (E. P.)/39, which has been reproduced in the Gazette of India of the 18th instant promulgates the Enemy Property (Custody and Registration) Order, 1939. Under para. 3 of this Notification all sums payable to or for the benefit of an enemy subject or firm are to be paid to the Custodian or to his order, and under para. 4 wide powers in respect of enemy property vesting in him are given to the Custodian including power to authorize the repayment of any debts due by the enemy to persons other than enemies. Property vesting in the Custodian is under para. 5 exempt from attachment,

seizure or sale in execution of a civil court decree. Para. 8 imposes on banks the duty of submitting returns to the Custodian in regard to enemy property in their possession. Your attention is also invited to sub-rule 2 of Rule 114 of the Defence of India Rules which exempts any person complying with the order of the Custodian from liability to any suit or other legal proceeding by reason only of such compliance. You may also notice sub-rule 4 of the same rule which penalises persons paying any debt or dealing with any property to which any order under sub-rule 1 applies otherwise than in accordance with the provisions of the order.

2. Under executive instructions issued by me from time to time—which were in complete accordance with the regulations now cited—banks have already paid into the account of the Custodian of Enemy Property with the Imperial Bank of India certain sums held by them on behalf of enemy subjects or firms abroad. If, however, you are still holding such sums or have failed to report them to me, will you please do so now as soon as possible?

3. In the case of a bill for collection I have no objection to your deducting your own agency and other charges in relation to the same bill and commission payable to case of need. I have also no objection to your retaining or remitting to your principals in the United Kingdom or non-enemy countries the proceeds of bills which have already been discounted or against which specifically an 100 per cent. advance has been made. In all other cases the proceeds of the bill must be credited to my account or held to my order and intimated to me, together with any claim that you may have to urge for repayment of any debt due to you from the drawer of the bill. I shall be prepared to consider not only a specific claim in relation to the same bill but also claims not related to the same bill but against the same enemy subject or firm, as for instance a claim arising out of a general hypothecation. It is hardly necessary to point out that my authority to make repayments of debt is limited by the amount of assets which are held by me on behalf of the enemy firm from whom the debt is due.

4. In the case of bills which the drawees have failed to retire on maturity will you please write asking for my instructions in regard to the further steps to be taken for the realisation of the amounts due and for the disposal of the relative goods, if any, in your possession?

5. Please furnish an up-to-date list of enemy bills held by you the proceeds of which you have not already credited into my account with the Imperial Bank of India, Bombay, or which you have still to collect. In the meanwhile you may dispose of the bills and their proceeds in the light of the instructions given above, referring to me for decision any doubtful point that may arise.

6. Banking accounts of deposits and securities held on behalf of enemy subjects or firms, including banks incorporated in the German Reich or Protectorates must also be declared. The current accounts should be transferred to my account with the Imperial Bank of India, and the deposits and securities held to my order.

I have the honour to be,

Your most obedient servant,

To

The Inspector-General of Police,
Mysore.

Sir,

I have the honour to inform you that the cases of the firms whose names are given in enclosure 1 to this letter have, after examination by me as Controller of Enemy Firms in British India, been reported to the Government of India with the request that they be declared to be enemy firms and their property vested in the Custodian of Enemy Property. The firms shown in enclosure 2 to this letter have been vested in the Custodian of Enemy Property by Government order. The firms shown in enclosure 3 to this letter vest in the Custodian of Enemy Property by virtue of Commerce Department Notification No. 72 (1)-Tr. (W.)/39, dated the 2nd November 1939, read with Defence of India Rule 103. The investigations into the above firms are complete.

2. I now suggest that, if the Mysore Durbar see no objection, I may be furnished with a report on any firms, *other than branches of those named in enclosures 1-3 to this letter*, which were carrying on business within the Mysore State and appear to be enemy firms within the meaning of Defence of India Rule 103. The report should please be so drafted as to include the following points in addition to any other details which may appear appropriate :—

(1) Name of the firm.

(2) Constitution.

(3) Address.

(4) Nature of business.

(5) Approximate assets and liabilities.

(6) The particular clause or clauses of sub-rule (2) of Defence of India Rule 103 which govern the case.

(7) Names of enemy subjects connected with the firm, and whether they are interned, released from internment, or out of India.

3. Certain other firms, examples of which are given in enclosure 4 to this letter, have been reported to the Government of India as technically enemy firms in that they are operated by Czechs or Austrians or by German refugees who are opposed to the present Government in Germany. It is understood that such firms may possibly be allowed to trade under certain restrictions. I should be grateful if cases of this nature could also be reported to me at the same time as, but separately from, the cases of the firms referred to in paragraph 2 above.

I have the honour to be,

Sir,

Your most obedient servant,

Controller of Enemy Firms.

I shall be obliged if you will let me know what procedure you are following with regard to the custody and control of enemy property. Have you accepted the jurisdiction of the custodians and controllers appointed for British India or appointed your own officers ? We have appointed our own officers, but have received a suggestion that we should accept the jurisdiction of the British Indian officers. I enclose a copy of the letter received and shall be glad if you let me have your views on the points arising out of it.

No. 29493 of 1939.

To

The Minister of the Baroda State,

Baroda.

Dated Baroda, the 28th November 1939.

Appointment of Controllers of Enemy Trading and Enemy Firms and Custodian of Enemy Property.

.....

Sir,

With reference to your letter No.WR-23/96-C dated 21st October 1939, I am directed to state that it appears that the Baroda Government's appointment of the State Accountant General as the Custodian of the enemy property found in the State arises from a desire to safeguard the interests of the State. In actual practice such appointments by States apart from an unfortunate breach of uniformity would be found to produce results restrictive rather than beneficial to the States concerned.

2. From the All-India point of view there would be obvious danger of dissipation of enemy property either through misconception of policy or otherwise, and the maintenance of their objection by the Baroda Government would thus be inconsistent with their declared desire to co-operate full with the Government of India in all matters connected with the war. From the point of view of the States, States subjects, who have access only to a Custodian of Enemy Property appointed by a State, would be placed at disadvantage in the presentation and settlement of such claims as they may possess against those enemies whose assets the British Indian Custodian of Enemy Property may happen to hold. Section 4 (2) (IV) of the Enemy Property (Custodian and Registration) Order empowers the Custodian to repay debts due by the enemy to persons other than enemies, but this power in the absence of specific provisions, does not extend to the repayment of

debts

debts due to persons outside the Custodian's jurisdiction. It follows that unless the Custodian's jurisdiction is admitted to States by the consent of the States themselves, legal and practical difficulties in the settlement of claims will arise. Moreover, as the volume of claims by State subjects generally against the enemy is likely to be far larger than the volume of enemy assets held by any Custodian of Enemy Property who might be appointed by a particular State, the balance of advantage to the Indian States lies in forming part of a unified organisation for India as a whole and in thus obtaining the benefit of the internal clearing arrangements made for India as a whole.

3. I am therefore to request you kindly to appoint, as so many other States have already appointed, the British Indian Controllers of Enemy Trading and Enemy Firms and Custodian of Enemy Property to be the Controllers of Enemy Trading and Enemy Firms and Custodian of Enemy Property for the Baroda State.

I have etc.,

My dear Krishnamachari,

I am writing with reference to your letter of December 27 enquiring what procedure we have adopted for the control and custody of enemy property in Mysore.

We have considered it desirable to accept, on the ground of uniformity as well as of convenience, the jurisdiction of the British Indian officer over enemy property in the State. We have accordingly appointed, under the Defence of India Rules as in force in Mysore, the Controller of Enemy Firms and Custodian of Enemy Property as Controller and Custodian in Mysore.

I enclose for your information a set of the notifications issued by Government in this connection.

I am directed to refer to the notification of the Government of Mysore No.2195/C.B., dated the 17th November 1939, appointing the Inspector of Enemy Trading at Madras to be the Inspector for the Mysore State also.

2. On reconsideration it has been decided that the appointment of British Indian Inspectors of Enemy Trading in State territories is unnecessary, since these Inspectors will not, in practice, be available for anything but consultation, a function, which it has been considered preferable, should be centralised in the Office of the Controller of Enemy Trading. The Resident therefore requests the Government of Mysore to cancel their notification referred to in paragraph 1 above.

3. Should the Government of Mysore consider it necessary to have a State Inspector, they may appoint any one of their officials as their own Inspector of Enemy Trading on the understanding which is necessitated by the exigencies of the war, that the Inspector so appointed will work under the directions of the British Indian Controller of Enemy Trading who is the State Controller also.

Dear Sir,

DANISH COMPANIES, FIRMS, SOCIETIES ETC.

I am instructed by the Controller of Enemy Firms in India that with immediate effect the affairs of all Danish Companies, Firms and Societies are subject to supervision by his Office. Please therefore 'block' all accounts in your books falling under this category. Credits to such accounts may be allowed without reference, but withdrawals and other transactions generally should be permitted only under the countersignature of the Inspector of Enemy Firms, Bangalore, pending further instructions which are being called for from the Controller of Enemy Firms in India, Bombay. Please arrange to submit to me as soon as possible a statement, in duplicate, showing the names of all accounts in your books falling under the above head.

2. The above instructions will not apply to accounts in the names of individuals and you should therefore note that personal accounts and transactions generally of Danish subjects are not subject to any restriction. Any unusually large transaction which is passed through by such an individual should, however, be reported to the Controller of Enemy Firms in India, Reserve Bank Buildings, Bombay.

3. Please forward a copy of this letter to each of your Branches in Mysore State and the C. & M. Station, Bangalore with instructions to submit the statement called for in paragraph one direct to me with the least possible delay.

Liaison between Departments and Officers connected with control of enemy trading.

My dear Kesavaiengar

I am desired to say that at a recent conference in New Delhi certain recommendations were made to strengthen the liaison between Departments and Officers connected with the control of enemy trading. I attach an extract from the proceedings. I am to enquire whether the Government of Mysore will agree to provide the necessary facilities for photographing the documents referred to in paragraph 1 of the extract, since the Commissioner of Police, Civil and Military Station, has not at present apparatus suitable for copying documents. This Administration will, of course, pay any charges due.

2. As regards paragraph 2 of the extract, the Resident would be glad if the Mysore Police authorities would get into touch with the Controller of Enemy Trading, should it be found that goods of enemy origin are being sold in the bazars.

Yours sincerely

Rajasevaprasakta 96/57 M

Mr. B.T.Kesavaiengar, B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

It was decided that Commerce Department should ask the Director, Intelligence Bureau to make the following arrangements:-

(1) Provincial Special Branches should be asked to provide facilities for photographing all documents which had to be released by the Censors but of which a permanent record was to be kept. Director, Intelligence Bureau may also advise as to the actual procedure to be followed for making such photographs admissible in evidence in the absence of the original. The Controller of Enemy Trading was of opinion that the number at each centre would not be more than 5 or 6 per day, but if the number grew it might be necessary for the Controller of Enemy Trading/Inspectors to have their own apparatus for the purpose. Photographing documents might be necessary both in cases of enemy trading in India and where the transactions take place entirely outside India.

(2) The Provincial police in the case of British India and the State C.I.D. in the Indian States should be asked to get in touch with the Controller of Enemy Trading if they discover that newly arrived goods of enemy origin are being sold in the bazar.

PRESS NOTE.

ENEMY PROPERTY IN INDIA.

Holders to furnish returns by October 31*st.*

As a result of the entry of Italy into the war, all property in India, moveable and immoveable, belonging to Italian subjects and Italian firms abroad is enemy property and has vested in the Custodian of Enemy Property. Banks and such of the public as have in their custody any property belonging to persons of Italian nationality abroad are required to submit before the 31st October 1940 full particulars relating to such property in the prescribed forms, which can be obtained from the Custodian of Enemy Property, Contractor Building, Ballard Estate, Bombay, the Deputy Custodian of Enemy Property, 22, Central Avenue, Calcutta, or the Inspector of Enemy Firms and Assistant Custodian of Enemy Property, Madras, Imperial Bank Building, First Line Beach, Madras, on application (with the necessary postage, if not applied for personally).

These forms have been prescribed in the Enemy Property (Custody and Registration) Order, 1939, issued by the Government of India under rule 114 of the Defence of India Rules, and the returns to be submitted in these forms are, therefore, statutory returns which the public are under an obligation to furnish.

2. The property in India of all persons resident in or bodies of persons incorporated in countries which are for the time being in enemy occupation is also enemy property and such property has vested in the Custodian of Enemy Property. Proceeds of bills drawn by such persons or bodies of persons in countries now in the occupation of the enemy should not, therefore, be remitted direct to those countries. They have to be paid into the Personal Ledger Account of the Custodian of Enemy Property with the Reserve Bank of India, Bombay, unless in any case a special order has been issued that such payment is unnecessary.

Returns in respect of all property belonging to persons resident in or firms incor in enemy-occupied territory, *i.e.*, Denmark, Belgium, Holland and Norway, should submitted to the Custodian of Enemy Property, unless otherwise ordered by him.

All French territory in Europe (including Corsica), Algeria, the French zone of Moroc and Tunisia are also to be regarded as enemy territory for this purpose. In the case o territory now under enemy occupation, such returns are to be filed by the 31st October 1940, as the period of two months after the date on which the property in question vested in the Custodian of Enemy Property—which is the prescribed period during which such returns should ordinarily be filed—has already expired.

3. Persons who entertain doubts regarding the payment of any money due by them to parties in enemy countries (Germany and Italy) and enemy-occupied countries (such as Holland, Belgium and Denmark) are advised to get into touch with the office of the Custodian of Enemy Property or with any of the Scheduled Banks, who have been advised of the procedure to be followed in regard to such payments.
